twittersphere: @e2d2

CIDER assumptions

System of record

Data reuse value

Flexibly push data out

DCA: reusing archival data

CIDER

- EAD
- EAC-CPF
- MARC
- FOXML
- … ???

Tufts repository

- Digital objects

# Hydra Development: Opportunities

Library's interest

Move from command line ingest to GUI interface

Collaboration in development

ETD self-submission
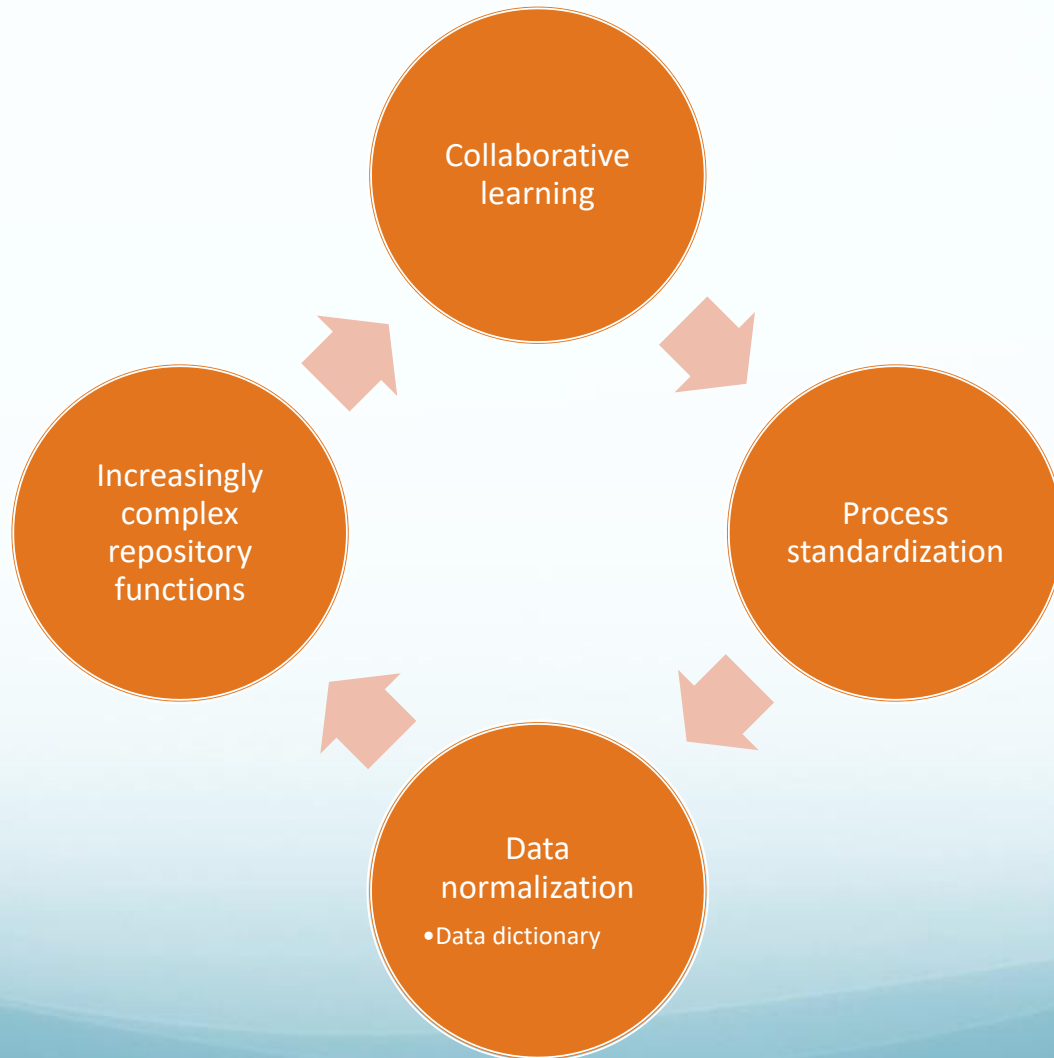

Hydra Development: Challenges

Metadata sources
for ingest

Success!

Collaborative learning

Process standardization

Data normalization
•Data dictionary

Increasingly complex repository functions

Current Integration
