Descriptions Files Relationships Sharing

To create a separate work for each of the files, go to [Batch upload](#)

Title required

Title is used for display in search results and single item views. Recommended use is to reflect the content captured in digitized media files (such as the title of the piece performed or a short description of the content of a home movie). Lengthy titles may be truncated in the search results view.

[+ Add another Title](#)

Publication Date required

Date should be the main publication date associated with the item to be used for sorting browse and search results. Enter date information in a format consistent with the options shown in [Extended Date/Time Format \(EDTF\)](#) 1.0.

Creation Date

Creation date should only be used if Date is a re-issue date. Then Creation date would contain the original publication date. Enter date information in a format consistent with the options shown in [Extended Date/Time Format \(EDTF\)](#) 1.0.

[+ Add another Creation Date](#)

Main Contributor(s)

Main contributors are the primary persons or bodies associated with the creation of the content. Main contributors will be included in search results display and aggregated for browsing access. At this time there is no ability to specify a main contributor as a corporate body. When possible, use the [Library of Congress Name Authority File](#).
